# REGENERATE WITH ME

## SKIN CARE LINE

by

VALERIE P DONALDSON, MD

---

I am over the top excited to introduce my new  
skin care line

### ‘REGENERATE WITH ME’.

- Everyone can use it and love it.
- Any one product can be used alone to promote more youthful skin, no matter what age, sex or type of skin.
- Each product is designed to be “one and done” for fast paced lives.
- For me, using all the products is pure bliss, puts a smile on my face, and makes me feel good inside.
- Results are compelling as you begin to see your skin looking more youthful after just a few days.
- **Caution:** Use a very small amount of each product. The products are powerful and only a small amount will precipitate huge effects.

Less is more when you

**Exquisite exfoliator, cleanser and moisturizer all in one.**

Three products in a one-step application. It can be all you need for day and night! An alchemy shared from local tribes in South East Asia, the bamboo pit is an excellent and natural way to reveal new and youthful skin of all ages. This refined scrub eases away dead skin allowing the young fresh skin to absorb all the magical moisturizing nutrients to refresh and give your skin a **WAY TO GLOW**. Apply **DAILY DEVOTION** and/or **SECRETS** immediately after to enhance the skin's glow.

**Use the tip of your finger to put a little dab on your face. Use lots of water to scrub product over your entire face, neck, and hands cleansing and softening your skin. You may want to walk out the door without using anything else!**
